Cleveland and St. Louis Stock Exchanges.—For this week's record of transactions on the Cleveland and St Louis Exchanges, see page 2918.

## New York Curb Market-Weekly and Yearly Record

In the following extensive list we furnish a complete record of the transactions on the New York Curb Market for the week beginning on Saturday last (Nov. 17) and ending the present Friday (Nov. 23) (Friday). It is compiled entirely from the daily reports of the Curb Market itself, and is intended to include every security, whether stock or bonds, it which any dealings occurred during the week covered:

| Week Ended Nov. 23.                                                                                                                            | Friday<br>Last<br>Sale                   | Week's Range<br>of Prices.                                                  | Sales<br>for<br>Week.                                    | Range                                       | e sinc                                         | e Jan.                                            | 1.                                             |                                                                                                                                                                  | Friday<br>Last<br>Sale              | Week's Ro                                              | ange                                               | Sales<br>for<br>Week                                     | Rang                                         | ge Sinc                                               | ce Jan.                                          | 1.  |
